Development
Integrator & Dealmaker
Tucson, Arizona

Drive Revenues—Drive Projects—Drive Value Creation... for our projects, and ultimately, for yourself!

As a Development Integrator & Dealmaker at Bourn Companies you will have overall responsibility for your projects and work to guide the development team to success. You'll drive all important functions for each project and be at the heart of our large scale, dynamic projects.

Across more than 30 years and 5 million square feet of work, **Bourn Companies** has pushed the boundaries of traditional real estate development. We lead projects that make a difference, supporting and defining communities and inspiring a sense of place that deepens over time.

With an average size of over 1 million square feet, our projects have scale, sophistication, and complexity that will push you to reach the pinnacle of your field. As a Development Integrator & Dealmaker, you'll develop deep knowledge of all our functions.

Your Team

Our Development Integration and Dealmaking teams are responsible for identifying and securing appropriate users that drive our projects' income and value. They gain significant market knowledge through this process and use that market knowledge to provide project programming and design direction. This team works as a part of our executive team to evaluate alternative scenarios that shape each project's overall strategy and execution. With experience, each team member is given more significant project leadership and autonomy, integrating, and coordinating the critical project functions of marketing, deal-making, design, project management, accounting/finance, and legal.

The Role

Your role will be to take overall responsibility of your projects by developing a deep understanding of what drives their success. You will develop specific market knowledge (product type/geography/target clients) and drive project schedules and proformas towards successful outcomes. This role integrates with each of our project development functions to ultimately coordinate and lead these functions as the Development Integrator for assigned projects. Given our transactions' significant dollar value, this role often works directly with our client companies' owners or senior executive teams.

This position requires you to be highly organized and structured, yet with an ability to react to ever-changing conditions that inevitably occur. Some essential aspects of your role include:

- **Deal Making—Leasing and Sales:** Identify, negotiate, and secure profitable leases, sales, and joint ventures while developing strong relationships with these clients and partners.
- **Product Expert:** Become a product expert around critical products that we produce (retail, restaurants, office, multi-family residential, single-family residential, industrial, hotels, entertainment)

- **Research:** Locate, organize, and interpret information to gain market insights that provide the basis for reliable, fact-based decisions. Use this data to identify and create profitable project and corporate strategies.
- **Marketing:** Work closely with the Marketing team to create the most compelling "story" for your projects.
- **Financial Analysis:** Quickly and efficiently navigate and develop or direct sophisticated financial analysis and modeling within excel spreadsheets.
- **Negotiation:** Negotiate the terms and conditions of leases, sale contracts, and joint venture agreements.
- **Functional Expertise:** Have the capacity and energy to deeply understand, if not master, several areas of a multi-functional business such as marketing, design, entitlement and construction, accounting/finance, capital structures, acquisitions and dispositions, and legal.
- **Management:** Assemble and lead project teams to efficient and profitable outcomes.

Skills

- **Technical Skills:** Deep technical understanding of development documentation and process
- **Organizational Skills:** Efficiently and systematically manage activities
- **Communication Skills:** Clear and concise written and oral
- **Leadership Skills:** Engage teams to maximize their individual abilities for the success of team
- **Financial Skills:** Deep understanding of financial concepts and applications
- **Relationship Skills:** Cultivate strong and lasting relationships

Characteristics

- Curious with a willingness to push the boundaries of what's possible
- Highly analytical with a hunger to dig into the details
- High degree of independence, motivation and accountability
- Team oriented with a desire to win and grow together
- Great attention to detail while keeping the larger landscape in mind
- Ability to work on short timeframes and meet deadlines
- Authentic, sincere, and ethical engagement rooted in strong integrity
